HOW IT WORKS:

CHOOSE YOUR GOAL

Know your "why". Having a meaningful reason for making these changes will help you stay consistent over the next 6 weeks.

TICK EACH DAY

Small actions every day lead to big results. Tick off each habit as you complete it.

CELEBRATE PROGRESS

Aim for consistency, not perfection. Celebrate every step towards a healthier you.

PLAN AHEAD

Preparation is key. Plan your days and week – keep healthy food in the house, decide when you'll walk and train, keep your water bottle on you, and be asleep by 9pm.

MY WHY:

I'm building these habits because...

MY REWARD:

When I complete 6 weeks, I will reward myself with...
